

U.S. FLYERS CROSS PACIFIC

Senator Dwight Morrow Is Dead In New Jersey

Hemorrhage Fatal To Noted Banker and G. O. P. Leader

Father-in-Law of Charles Lindbergh Stricken Suddenly

LATE IN POLITICS

Senator Was Long a Partner of J. P. Morgan & Company

NEW YORK.—(AP)—Senator Dwight H. Morrow, of New Jersey, died at 1:52 Monday afternoon of a cerebral hemorrhage in his home at Englewood, N. J.

The brief announcement of Senator Morrow's death was issued from his office here, merely giving the fact and place of death, saying that his passing was peaceful.

Left Morgan & Co.

Dwight Morrow achieved political fame in a few short years at the close of a long and successful career, in which he was a partner of the international banking firm of J. P. Morgan & Co.

Mr. Morrow left the banking firm to become American ambassador to Mexico at a time when relations with that country were seriously strained. His winning of Mexican friendship was believed the outstanding American diplomatic feat of the decade.

While ambassador to Mexico City, Mr. and Mrs. Morrow entertained Charles A. Lindbergh, famous American ace, there on a good will flight, and it was in the American ambassador's home in the Mexican capital that Colonel Lindbergh courted and won Mr. Morrow's daughter, Anne.

The Lindberghs are now in China, at the end of a trans-Pacific flight, and it is probable that Mrs. Lindbergh will return to the United States at once.

Sweet New Jersey

Mr. Morrow, following his success with the Mexican enterprise, returned to the United States and stood for senator in his home state of New Jersey. New to politics, he astounded the political world by carrying the state for the Republicans with a record vote when other states were going Democratic.

Senator Morrow made a deep impression on the country by a frank statement of his prohibition modification views. He was regarded as the leader of the Republican conservative wets in the East, and was one of the most frequently mentioned possibilities for vice-president with Mr. Hoover on the 1932 ticket.

Three Are Killed In Crash of Plane

Manager of Wewoka Airport Was Pilot and Among Victims

SEMINOLE, Okla.—(AP)—Three men were killed here late Sunday when the plane in which they were riding crashed and burned.

The dead: Eddie Autrey, Seminole, Harry Moore, Seminole, Jack Whitney, Wewoka pilot.

The crash occurred about 2 1/2 miles south of Seminole at the municipal airport.

Mrs. Whitney, wife of the pilot, was among the spectators. Moore, 39, also leaves a widow; Autrey, 24, was unmarried.

Witnesses said the plane was flying low when suddenly it nose-dived and crashed in flames.

Whitney, a bout 40, was a war flier and had a good record.

Whitney, the pilot, came from Wichita, Kansas, about six months ago to manage the Wewoka airport.

The plane had just taken off and was only about 40 feet above the ground when suddenly it dropped like a plummet. The cause of the crash was not determined.

Prominent Texas Grain Broker Dies Suddenly

GALVESTON, Tex.—(AP)—John S. Fordtran, 63, prominent grain broker known widely throughout the Southwest died suddenly about 3 o'clock Sunday morning as he was driving his auto from Dickinson to Galveston.

Friends who were with him summoned a doctor as soon as possible, but the stricken man was already dead.

Mr. Fordtran's family was one of the oldest in the state, his grandfather, Charles Fordtran having settled in Industry, Tex., in 1831. He is survived by his widow and four brothers.

Mr. Fordtran had lived in Galveston for about 50 years and was a member of the cotton exchange and the chamber of commerce.

Ace Badly Beaten

Arkansas Woman Gone With Fortune

38-Year-Old Widow Vanishes with \$40,000 and 21-Year-Old Clerk

LOS ANGELES, Cal.—(AP)—Search is under way for Mrs. Fannie Williams, 38, formerly of Pine Bluff, Ark., who her mother said was carrying \$40,000 in cash and other valuables and traveling in an expensive automobile, when she disappeared July 14 with a 21-year-old clerk whose identity is unknown.

The mother, Mrs. Laura Landon of Alabama, told the sheriff and other officers that her daughter and the clerk were married at Tijuana, Mexico, but that she had heard nothing from them since that time and feared foul play.

The valuables which Mrs. Williams carried were bequeathed to her by her first husband, M. E. Bloom, an Arkansas banker, and she collected \$30,000 in insurance recently on a policy on her divorced husband, Dr. Harry E. Williams of Pine Bluff, Ark.

Coker To Classify Pupils This Week

Blevins and McCaskill Schools to Open Next Monday

Superintendent J. Glen Coker of the Blevins school announces that all students from the 9th grade up, who will attend school from Wallaceburg township will be classified at the Blevins school building Wednesday, October 7, and Thursday morning, October 8.

On Thursday afternoon Mr. Coker will be in McCaskill for the purpose of classifying students of the same grade.

All students are urged to come on the above dates and become classified as this will cause less confusion on the opening date of the schools, which will be on Monday, October 12th.

Three Charged With Hacking Truck Driver

NEW YORK.—(AP)—Three men were arrested Sunday night charged with the slaying of Joseph LaBarbera, whose hacked body was found in his truck in Corona last week.

Police asserted LaBarbera was killed because he refused to join a union which they said attempted to control the cartage of grapes in Brooklyn and Manhattan.

The men gave their names as Anthony Leggio, 28; James Rinaldo, 27; and Charles Calla, 25.

Cabinet Officer's Home Holds Booze

\$50,000 Worth Found on the Country Estate of Secretary Adams

SCITUATE, Mass.—(AP)—Police Monday seized 60 cases of assorted liquors valued at \$50,000 on the summer estate of Charles Francis Adams, secretary of the Navy Department, and arrested three men found in the Adams garage.

Thomas Maloney, caretaker for Mr. Adams, said he knew nothing about the liquor.

Secretary Adams was not immediately available, being on route from Washington to the World Series at Philadelphia. In company with President Hoover.

Saenger To Hold Jr. Beauty Review

The Prettiest Little Girl to Receive Diamond Ring Thursday

Innocence and sweetness will reign supreme on the stage of the Saenger Theatre on Thursday night of this week, when more than fifty of the most adorable little ladies of our city will appear in person and present what promises to be the most unusual, most novel and most beautiful stage attraction that has ever been offered in our city.

These little ladies are all between the ages of fourteen months to six years and each one will represent some place of business in the city. Each merchant can select some little girl to act as his representative at no cost to any merchant other than placing the little girl in Hope between the ages of fourteen months to six years can appear in this Review and parents are requested to call the Saenger Theatre for any information desired.

When the curtain rises on Thursday night, it will disclose to view the loveliest production ever staged in the Saenger Theatre. These tiny ladies all attired in their fancy attire will trip with all their natural grace and sweetness, many of them presenting numerous unrehearsed stunts for the entertainment of the audience.

Every person entering the theatre on this night will receive a ballot and as the children appear on the stage, each person in the audience will cast their votes for the child they think is prettiest. The little girl that receives the most votes will receive the title of "Little Miss Hope" and be presented with a beautiful diamond ring. Child receiving second greatest number of votes will receive the surprise jewelry award.

Burleigh Grimes Gives A's 2 Hits; Defeats Them 5-2

Home Run by Al Simmons All That Prevents Shutout

GROVE IS HIT HARD

Yields 12 Hits—Grimes Holds A's Hitless for Seven Innings

PHILADELPHIA, Pa.—(AP)—The veteran spit-ball pitcher Burleigh Grimes came back Monday to hand Lefty Grove and the Philadelphia Athletics a 5-to-2 defeat in one of the finest big league hurling exhibitions on record.

The Cardinals now lead, two games to one.

Grimes never was in danger. He allowed but two hits, and for seven innings he set the Athletics down in order. Their first hit came in the eighth, a single by Miller, advancing Fox, who had been walked. The Dykes, Williams and Cramer, who was pinch-hitting for Grove, went out in order, without a score.

The Philadelphia only chance came in the ninth, when a walk given to Cochrane was followed by home run by Al Simmons, giving the A's their only two tallies.

Grove Hit Hard

The Cardinals fell on Lefty Grove early and stayed with him late, rolling up a total of 12 hits. They scored two runs in the second inning, two in the fourth, and one in the ninth. Grimes fanned five men, to Grove's three.

The first Cardinal attack, in the second inning, was launched when Bottomley walked, Chick Hafey went out. But Pepper Martin, hero of this year's World Series, poled out a single. Wilson hit safely, scoring Bottomley. Grimes got a single, scoring Martin. Two runs, three hits, no errors.

Martin Hits Again

In the fourth, Hafey led off with a single. Martin hit safely. Grimes again delivered a hit, and the tally for the inning was two runs, three hits, no errors.

In the ninth, the Cards got Flowers on with a walk. Bottomley hit, driving him in for the fifth run.

Grimes was struck by a batted ball from Mule Haas in the ninth, but was not seriously injured.

The lineup: Flowers 3b; Roettger rf, succeeded by Watkins in the ninth; Frisch 2b; Bottomley 1b; Hafey lf; Martin cf; Wilson c; Gilbert ss; Grimes p.

Philadelphia: Bishop 2b; Haas cf; Cochrane c; Simmons lf; Fox 1b; Miller rf; Dykes 3b; Williams ss; Grove p; Cramer, batting for Grove in the eighth.

Score by innings: St. Louis 0 2 0 0 0 1-5 12 0 Philadelphia 0 0 0 0 0 2-2 2 0

Ohio Youth Victim of Fatal Accident

Daniel Albu of Niles Falls Under Train at Camden and Is Killed

CAMDEN.—Daniel Albu, aged 18, of Niles, Ohio, was killed almost instantly here early Sunday when he fell beneath a northbound Cotton Belt freight train. The youth was asleep on the small railing at the end of an oil tank car, according to several hobos on the train. When the train stopped suddenly he fell off his narrow perch between the cars.

The accident occurred near the campus. One leg was severed near the hip while one foot was cut off above the ankle. He died at the Camden hospital about 5:30.

A small notebook gave his name and date of his birth as August 2, 1913. The body is being held at the Proctor morgue pending word from relatives.

This is the second fatality of this kind almost in the same spot this year. A dwarf fell under a Cotton Belt train a few months ago and was killed near that spot.

Parks Urges Farmers to Hold Their Cotton

BUCKNER, Ark.—Tillman B. Parks, congressman from the seventh congressional district, urged farmers to hold their cotton until higher prices prevail, in a lecture made at the school auditorium here last week.

He Travels Far—In One Spot

Without leaving New York harbor, Sigurd Christiansen (above) has done enough salt water voyaging to have circled the globe five times. He's a veteran skipper of government boats that meet incoming liners outside the metropolis. Christiansen makes about 500 ten-mile pilot trips every year—and averages about four cigars, like the one he's seen smoking here, to a trip.

Republicans Lose Referendum Move

Failure to Attach Copy of Disputed Act Voids Petition

LITTLE ROCK.—(AP)—The Arkansas Supreme Court Monday dismissed the referendum suit brought by Wallace Townsend, Republican national committeeman, seeking to compel the secretary of state to certify petitions for a referendum to repeal Act 345 of 1931, which act repealed the Cobb election law of 1929.

The Cobb election law gave the state Republican organization the right to name its representatives on county election boards. The new act of 1931 repealed this.

The supreme court ruled that the failure of the sponsors to attach a copy of the proposed initiative act to their referendum for repeal of the 1931 law, invalidated the petitions.

The supreme court affirmed the conviction and five-year sentence of Virgil Goyne in Hempstead circuit court for manslaughter in connection with the death of Jess Campbell.

In its opinion the court held, "Where evidence is erroneously admitted during the progress of a trial, and is distinctly withdrawn by the court in telling the jury not to consider it, the error is cured."

Goyne contended that the admission of certain evidence, although the court told the jury not to consider it, had prejudiced the jury against him.

A Miller county bond issue of \$150,000 for a new jail was held invalid and the case remanded with directions to the Miller chancery court to enjoin officials from making any steps toward construction of the jail.

Four Found Slain On Wisconsin Farm

Employe Sought in Deaths of Farmer, Son, Baby and Girl

BURLINGTON, Wis.—(AP)—The bodies of Frank Boschert, 60; his son, Herbert, 35; Herbert's infant son, Bobby, and Colia Kurkman, 20, were found Sunday on the Boschert farm near here. Sheriff's officers said they had been slain.

All but the baby had been killed by shotgun slugs, authorities said. The baby apparently had been beaten to death with a hammer.

Frank Gray, employed on the farm, was missing, as was the elder Boschert's automobile. A search was begun for Gray.

The Kurkman girl was employed on the farm in the absence of Herbert's wife, ill in a Burlington hospital.

Civil Jury Trials To Be Eliminated In October Term

Petit Jurors Dismissed Until Start of Criminal Suits Next Week

GRAND JURY MEETS

Judge Bush Charges Jury Early Monday Morning

The October term of Hempstead circuit court convened at Washington Monday morning with the probability that civil jury trial cases would be passed over to the next term in order to hold down court expense this year.

Judge Dexter Bush formally charged the grand jury during the morning and sent it into secret session with many criminal charges scheduled to be aired by Prosecuting Attorney Millard Alford.

M. L. Nelson, of Blevins, is foreman of the grand jury.

Report was expected from the grand jury before late Tuesday morning.

Judge Bush dismissed the petit jurors until next Monday, October 12. Court officials said it was planned to hold the present term to two weeks, with civil cases the first week and the criminal docket beginning October 12.

Dismissal of the petit jurors during the first week is expected to mean that only those civil actions will be heard which involve a matter of law rather than facts, and which may be heard before Judge Bush without a jury.

The criminal jury trials, starting next week, include several murder cases, with additional ones expected from the jury proceedings now under way.

Decline Noted In Condition of Edison

Family Is Resigned That Inventor Is Weaker Since Last Report

WEST ORANGE, N. J.—(AP)—A steady decline in the condition of Thomas A. Edison, aged and ill inventor, has been noted by members of his family and by Hubert S. Howe, his personal physician.

A family that a week ago was cheered by the inventor's apparent gain in strength Saturday was resigned, in the words of Charles Edison, a son, that Edison had "gone back."

The man who for years worked long hours daily and prescribed work for longevity appears to have lost interest in the world about him. From a chair in the second floor living room he looks out on the grounds of "Glenmont," but does not care to tour them in an automobile as he has done for weeks. A week ago Saturday Edison took his last automobile ride, Charles Edison said his father had shown a growing tendency to avoid physical exertion.

The daily bulletins this week indicated that virtually every night was restless for Edison. His wife and day and night nurses are in constant attendance.

Merger of Two Laredo Banks Made Effective

LAREDO, Tex.—(AP)—Consolidation of the First National Bank of Laredo with the Laredo National Bank was made effective at the close of business Saturday afternoon, officials announced Sunday. Business of the two institutions will be transacted from the Laredo National Bank Monday.

The Laredo National Bank is one of the oldest banking institutions on the border, having been organized in 1896. It has total resources of over \$3,500,000. The First National Bank was organized as the Milmo National Bank by Pat and Dan Milmo and associates in 1880.

J. B. Hicks, 70, Dies At Liberty Home

Hempstead County Man Survived by Widow and 8 Children

J. B. Hicks, 70, died at his home near Liberty at 11:30 o'clock Monday morning, following an extended illness.

He is survived by his widow, three daughters and five sons: Mrs. Forrest Middlebrooks, Mrs. Hazel Gilbert, Miss Beulah Hicks; and Joe, Cecil, Lee, Carl and Herbert Hicks. He is also survived by one brother, T. F. Hicks.

Wilson Says Drys Have No Quarrel With Legion

WASHINGTON.—(AP)—Dr. Clarence True Wilson said Saturday prohibitionists "have no particular quarrel" with the American Legion suggesting for a referendum on the dry question.

The preamble to the prohibition resolution adopted at the Detroit convention was given as the basis of dry objection in the weekly clip-sheet of the Methodist board of temperance, prohibition and public morals.

Wilson, general secretary, did not sign the statement but the clip-sheet attributes all expressions of opinion, unless otherwise designated, to the board's secretaries.

Bulletins

NEW YORK.—(AP)—Vincent Coll, Frank Giordano and three others who were not named were indicted Monday for murder in the first degree in connection with the Harlem baby-slaying. They were held without bail for examination October 15.

New Cotton Lows Bring On Buying

Upturn Expected as Mills Break Loose With Half-Million Order

Cotton went down last week to within three-quarters of a cent of the all-time record low established in 1898, bringing about an avalanche of buying orders which the Associated Press said indicated might result in a sharp upturn in prices.

October future contracts at New York declined 54 points to 5.57 cents, at New Orleans 51 points to 5.57 and at Chicago 54 points to 5.68. The average price of middling 7-8 inch worked down to 5.10 cents on the 10 markets compared with 5.59 the week before and the price paid to farmers at Little Rock, Ark., sank to 4.70 with some of the lower grades under four cents a pound.

The decline came with the biggest business in actual cotton the South said ever to have seen so early in the season. Sales for the week totaled 463,631 bales, compared with 396,035 the previous week and 337,176 the corresponding week last year.

Bulls were encouraged by the fact that every point decline was resisted stubbornly by large purchases for trade account. They said that buying power increased as the price receded and that demand must, sooner or later and without warning, bring about a sharp reversal in the trend of prices.

There is said to be much investment money waiting to come into the market, probably when the peak of the movement has been reached. Leavelle McCampbell, president of the Textile Brokers' Association, is quoted as warning the trade to "buy at present prices and hold or regret the lost opportunity later."

One of the main supports of the markets is the persistent trade demand on the scale down. Many mills and consumers have requested delivery from the new crop rather than take last year's cotton because of its unusually high character, strong staple and good grade.

The weekly cotton review of the United States Department of Agriculture, received in Hope Monday, says:

According to the Weather Bureau for the week ending September 29th under the influence of warm and mostly dry weather in the southern states, cotton continued to open rapidly and the weather was generally favorable for picking and ginning. Progress of harvesting was reported as variable with a further tendency to slowness in some places and by more active picking in others.

On October 8th the government will release a cotton crop report which will indicate the 1931 probable production based on conditions as of October 1st. The September 8th estimate was 15,700,000 five hundred pound bales. Exports to October 2nd this season amounted to about 225,000 bales, compared with about 1,300,000 for the corresponding period a year ago.

Exports to both Japan and China continue comparatively heavy and are considerably ahead of those to any other country. According to the New York Cotton Exchange Service, world consumption of Indian cotton for the season 1930-31 amounted to 6,100,000 bales compared with 6,600,000 the season before and the world carryover of Indian cotton on July 31, 1931, amounted to 3,000,000 bales compared with 3,400,000 the season before. Figures are in terms of Indian bales of about 400 pounds each.

20 Women Accuse Pastor in Capital

Rev. M. E. Borders Suspended for Trial at Little Rock

LITTLE ROCK.—(AP)—Charges in a involving moral conduct were filed against the Rev. M. Edward Borders, pastor of the First Church of the Nazarenes here and he has been suspended as pastor pending trial. John W. Oliver, district superintendent of the church, disclosed Monday.

Borders was recently granted a leave of absence on account of illness and could not be reached for a statement Monday.

Oliver said that a committee named by the district advisory board will make an investigation of charges signed by 20 women and girls.

Kills Mother and Attempts Suicide

Sets Fire to House, But Later Gives Self Up to Officers

TURLOCK, Cal.—(AP)—George Anderson, 27, killed his 66-year-old mother, set fire to her bed and the house and then tried three times to end his own life Sunday before walking two miles to Turlock to give himself up, police reports said.

"I was tired of living," he told authorities, "but I don't know why I did it."

Anderson told District Attorney R. F. Foster, of Stanislaus county he went to his mother's bedroom at 4 a. m. while she was asleep and hit her over the head with a flatiron.

He said he went to their automobile, siphoned off some gasoline, poured it on the bed clothing and the house and set fire to it.

"I intended to die in the fire," he told Fowler, "but I didn't have nerve enough so I went to the tank house, got some rope and tried to hang myself. The rope slipped. I went to the barn and tied a rope around a raft but I fell off. Then I took out my pocket knife and slashed my wrists."

He insisted he had not quarreled with his mother.

Pangborn, Herndon Fly 41 Hours to Span Widest Sea

Win \$25,000 Prize Offered by Japanese Newspaper Asahi

4,500-MILE JAUNT

Flyers Drop Landing Gear and Skid to Earth on Fuselage

WENATCHEE, Wash.—(AP)—Completing the first non-stop flight across the Pacific, Clyde Pangborn and Hugh Herndon, American aviators, landed here Monday.

Their plane, minus its landing gear, skidded along on the airport on its belly, tipped over on its nose, then settled back, coming to rest on its left wing.

The propeller was broken in making this "fish-tail" landing.

Before hopping off from Asahi, Pangborn and Herndon arranged for a detachable landing gear which they planned to drop as soon as they were over the ocean, releasing 3,000 pounds of weight and cutting down their wind resistance.

They also lined the bottom of the fuselage with steel to strengthen the ship for a landing without wheels.

41-Hour Flight

The landing on Asahi field occurred 41 hours after the take-off from Oahu at 5:30 a. m. Sunday. They flew approximately 4,500 miles, and their landing was met by a representative of the Japanese newspaper Asahi and presented with a \$25,000 check offered by the paper for the first trans-Pacific flight.

Pangborn's mother, who lives in Wenatchee, was waiting when he landed. Herndon's first request was for a cigarette.

Hall Hunts Aviators to Attack World Mark

NEW YORK.—(AP)—F. C. Hall, Oklahoma oil man who backed the world gridding flight of Wiley Post and Harold Gatty, arrived Sunday in quest of two aviators to attempt to better their record.

Post and Gatty took 8 days, 15 hours and 51 minutes for their flight. Hall, who came here from Toronto, in a new plane, the Winnie Mae II, said he would interview aviators interested in a similar round-the-world journey.

This May Be the Turn

DR. C. H. BROUGH, speaking in Hope Friday, quoted Banker Hicks of Little Rock as saying that the mercantile business "turned the corner" back East two weeks ago and the rest of the country would follow suit in thirty days.

The statement was hardly in print when something happened in the cotton markets to make this prophecy seem very real. Spot quotations October 2 went to within three-quarters of a cent of the record low point established in 1929, but at the same time actual sales of cotton for the week ended at 463,631 bales, a new record turn-over for this early in the season.

What that means is, that textile mills and investment people have started to buying cotton heavily.

The buyers' strike has been declared off, at least in cotton.

That isn't much consolation for the farmer, who sees all this activity based on a price of about 5 cents a pound for his product. But the way that industry and merchandising goes, it may mean something nevertheless.

Cheap prices are the bait that gets prosperity to rolling again. The mills start up when they see a clear profit ahead of them. And once started, they generally keep going—so that the circle of business activity aroused by their increased payrolls keeps growing wider and wider, boosting the price of cotton and other raw products as the demand stiffens, until the farmer finally "gets his."

How soon this turn will reach the cotton farmer, no one can tell; but the arousing of such a large volume of buying this early in the season means that the average producer is going to hold most of his crop for an improved price. With the cash advances now being offered by the co-operatives, there is no reason why he shouldn't.

Correcting an Error

THE first official act of Lieutenant Governor Wilson when he took over the office of governor Wednesday, during the absence of Governor Parnell, was to revoke a furlough he issued to "Snake" Cain while he was acting governor last June.

Cain was convicted in the Union circuit court in May and sentenced to the penitentiary for two years for burglary and grand larceny, but when he reached the state prison a petition was presented to Mr. Wilson by citizens of Union county asking clemency for Lewis Wallin, an oil field worker, who was suffering from tuberculosis. Clemency was granted and Wallin was furloughed.

A barrage of criticism was directed at the Lieutenant Governor for issuing the furlough. His motives were questioned and his intentions impugned by people who saw an opportunity to criticize his actions. He had been misled both as to the identity of the man and his physical condition by citizens of the county in which he was tried and convicted.

After his liberation, Cain, or Wallin, went to Missouri and committed another crime for which he has been arrested and will be tried for.

When Mr. Wilson took over the governor's office Wednesday the first thing he did was to revoke the much discussed furlough and will ask the return of Cain to Arkansas.

On the revocation of the furlough, Mr. Wilson is quoted as saying: "When I make a mistake, I am always glad to correct it, and that is what I am doing in issuing this revocation order and directing that Cain be returned to finish his penitentiary service."

After learning of the mistake he had made through the misrepresentation of others, the manly thing for him to do was to correct that mistake and that is what he did.

We do not always know the circumstances surrounding the issuing of pardons or furloughs to men convicted and sentenced to the penitentiary. The governor has to rely very largely on the word and recommendations that are made to him by people who are more familiar with the circumstances than he is, and much of the abuse of the pardoning and furloughing power for which the governor is criticized could be obviated if those who have the matter in hand would be more careful of the truth and the presentation of the facts in the case. —Camden News.

Utilization of Petroleum

IT IS probable that no other raw material enters so many fields of utilization as petroleum.

Crude oil, subjected to a series of refining processes, releases gas that is the source of fuel gas, carbon black, and alcohol. The first products of distillation are naphthas and refined oils, which yield gasoline, commercial solvents, and cleaning fluids. The refined oils include kerosene, illuminating oil, stove and tractor oil, furnace oil, tar.

But the use of petroleum does not end here. The residue of distillation produces other things, road oil, asphalt, pitches and coke.

A great many of the commodities we use in our daily life, from candy to medicine, are made up in parts of petroleum products. The oil industry has proven itself, time and again, to be a cornerstone of modern civilization. —Hot Springs Sentinel Record.

Another "Moratorium" Wanted!

BY RODNEY DUTCHER

WASHINGTON. — Secretary of State Harry L. Stimson, who thinks secretaries should go abroad and handle their most important diplomatic personally instead of through ambassadors, is expected to do more negotiating on foreign soil than all his predecessors did over a period of about 130 years.

Stimson probably will head the American delegation to the Geneva disarmament conference in February. His experience at the London naval conference and the Paris moratorium conference, combined with his recent two-month trip during which he conferred with European statesmen about the forthcoming Geneva gathering, causes him to be regarded as the most effective among men who might be assigned to the job.

Appearance of an American secretary of state at three such momentous conferences will appear to be another hard blow at the rather shopworn theory of isolation in our international relations and definitely mark the beginning of a new system of diplomacy. Five other secretaries have visited foreign nations, but usually only to make a bow, sign a document or perform some gracious gesture. The new policy of personal contacts between world statesmen, which Stimson has adopted, with the approval of President Hoover, is based on the same line of thought as led to the visit of Hoover to South America in 1928 as president-elect and Premier Ramsey MacDonald's visit to Washington in 1929.

STIMSON says a man in his position needs a personal, intimate knowledge of foreign ministers and premiers to aid him in dealing with them and that such knowledge can facilitate quick, intelligent decisions. Communications through ambassadors are usually quite formal and not as dependable, when it comes to interpretation or complete understanding, as informal exchanges between two principals.

The Geneva naval conference of 1927 blew up for lack of adequate

preliminary negotiations, teaching the State Department a lesson. MacDonald's conversations with Hoover here in advance of the London conference and Stimson's recent talks with the highest officials at Rome, Paris, London and Berlin were designed to smooth the way so as to avoid any more such complete failures.

Stimson was pleased by the intimate contacts he made. He went motorboat-speeding with Mussolini, found that German Chancellor Brüning had been a machine-gunner in the same war sector in 1918, gave a sailboat to the granddaughter of Foreign Minister Curdiss for which he received a letter of thanks addressed, "Dear Uncle Stimson," and fooled around pigsties and sheep pens in Scotland with MacDonald.

When the secretary goes abroad he is also in the position of the head of a firm inspecting his branch offices. Heart to heart talks with American ambassadors and consuls are regarded as sometimes more valuable than the reading of typewritten reports.

It is likewise possible for Stimson, in his globe-trotting, to talk with financiers and other important non-official personages with whom he would never come in contact if he stayed at home.

The department records appear to show that the first secretary of state to go abroad was Elihu Root, who in 1903 visited various countries of South America and made some frank explanations of American policy. Robert Lansing accompanied President Wilson to the Paris peace conference. Bainbridge Colby visited Brazil to open some sort of an exposition. Charles Evans Hughes went to South America to unveil a statue dedicated to Pan-American friendship and later to Europe as president of the American Bar Association. In Europe Hughes also traveled and talked with various national leaders. Frank B. Kellogg sailed to Paris to sign the Kellogg peace treaty and to return the call made here by President Cosgrave of the Irish Free State.

Southern Association Fitcher Visits in Conway

CONWAY, Ark.—(P)—Ray Caldwell, pitcher for the Birmingham club of the Southern Association, and Mrs. Caldwell, formerly Miss Gladys Reynolds of Conway, are residents here for the winter. They have taken a home and Caldwell said he would stay until the Barons begin spring training.

SOCIETY

Mrs. Sid Henry Telephone 321

For life seems so little when life is passed, and memories of sorrow flee so fast. And the words which were bitter to you, and to me, shall vanish as rain drops which fall in the sea. And all that has hurt us shall be made good, and the puzzles which blundered be understood. And the long, hard march through the wilderness bare, seem but a day's journey when once we are there—Selected.

Miss Maggie Bell, I. T. Bell Sr., and George Ruffin Marshall were Sunday guests of Mr. and Mrs. Fred Marshall in Texarkana.

Dr. and Mrs. R. O. Brunk of Texarkana were Sunday dinner guests of Mr. and Mrs. A. C. Whitehurst. Dr. Brunk preached at the First Christian church in this city on Sunday evening.

Mrs. Johnny McCabe, who has spent the past ten days in Little Rock returned home on Sunday, and her friends will be glad to know that she is recovering from her recent illness.

Mr. and Mrs. John Enyart and Miss Ethel Enyart of Lewisville were Sunday guests of friends in the city.

Mrs. H. D. Durham has returned from a two week's visit with friends and relatives in Dallas, Texas.

Mrs. A. L. King has returned from a few days' visit with her daughter, Mrs. Harold Lawrence and Mr. Lawrence in Texarkana.

Mr. and Mrs. Jack Meek of Bradley, Ark., were week end guests of Mrs. Meek's parents, Mr. and Mrs. K. G. McKee, Sr.

Rally day was observed on Sunday by the First Presbyterian Sunday school, interesting programs were rendered by each department and a splendid choir was composed of the members of the intermediate department.

Jim Steele of the First National Bank of Texarkana was the Sunday guest of Mr. and Mrs. Fred Stroud.

The School of Instruction sponsored by the P. T. A. City Council, was held on Saturday at the new high school building. A number of out of town guests were present.

Mr. and Mrs. J. H. White had as Saturday guests, William Shemaker and Miss Eleanor Shumaker of Prescott.

The Annual State Convention of the Woman's Christian Temperance Union will be held in Prescott on October 6, 7 and 8. A splendid program is promised for each day, including speakers of prominence. The local president urges a full attendance from this union.

Frank R. Johnson is spending this week visiting with his mother, Mrs. P. I. Johnson in Cleveland, Miss.

Miss Anna Norton of the Southern Ice & Utilities Co., spent the week end visiting with her parents, Mr. and Mrs. S. G. Norton.

Miss Frances Patterson of Henderson State Teachers college, Arkadelphia, spent the week end visiting with home folks.

Mrs. G. J. McGregor left Monday morning for a visit with her sister, Mrs. Ben Carter and Mr. Carter in Pine Bluff. Mrs. McGregor made the trip in the cabin monoplane, piloted by E. Z. Newsome, Jr.

Miss Margaret Arnold of Minden, La., was the Sunday guest of her mother, Mrs. J. H. Arnold and sister.

Miss Mary Arnold.

The B. & P. W. Club will hold a joint meeting on Tuesday evening, with the Rotary and Kiwanis clubs, at 7 o'clock at Hotel B. W. An out of town speaker of prominence will address the meeting.

The Bay View Reading club will resume their activities for the fall season on Wednesday afternoon at 3 o'clock at the home of Mrs. W. A. Bowen on West Sixth street. The new officers will be introduced and preside for the afternoon.

Miss Helen Seerest of the El Dorado Public School faculty and her mother, Mrs. M. F. Seerest were week end guests of Mr. and Mrs. Wylie Robinson.

Mrs. J. S. Cobb, Clarksville, Ark., and Miss E. C. Fountain spent Friday visiting with relatives in Ozan.

Mrs. J. S. Cobb of Clarksville, Ark., who has been visiting her sister Miss E. C. Fountain here for the past few days left Saturday for a visit to Mrs. George Sissel in DeQueen.

MARSH-ZIMMERLY

Fletcher Zimmerly of Hope and Miss Elizabeth Marsh of Okolona, were married in the office of Justice S. F. Huntley, Saturday afternoon. Young Zimmerly is the son of Mr. and Mrs. C. P. Zimmerly of this city.

Mrs. A. L. King has returned from a few days' visit with her daughter, Mrs. Harold Lawrence and Mr. Lawrence in Texarkana.

Mr. and Mrs. Jack Meek of Bradley, Ark., were week end guests of Mrs. Meek's parents, Mr. and Mrs. K. G. McKee, Sr.

THE NEWFANGLES (Mom'n Pop)

Chick Is Curious

OUT OUR WAY

By Williams

improve matters much. But playing at night brings out the crowds. I believe Hope's Friday night crowds are relatively as good as the Saturday afternoon crowds in big industrial cities where the kind of business the city transacts will permit a Saturday half-holiday.

On the opening night, Dr. Don Smith, president of the Board of Education, explained why the 75-cent admission charge would be necessary for major games. I think if our people realize what an advance the athletic association has made in bringing night football to our city, there will be no argument about the admission charge, at least while the association is paying for the extra equipment—and anyone familiar with school finance knows that the football folks have to make their own way on the gate receipts.

Lewis Stone, in a brand new picture, "The Phantom of Paris." It has all the mystery of the Latin Quarter and the Apaches of Paris, New in theme and new in treatment, it brings you a new breath in movie presentations.

cause of the press of domestic affairs. Mrs. Aileen Allen, twice national diving champion as a member of the Los Angeles athletic club several years ago, has been named women's athletic director and swimming coach of the L. A. C.

Denies Bruening Visit to U.S. in Near Future

BERLIN—(AP)—The foreign office emphatically denied Monday that Chancellor Bruening would visit Washington in the near future. It explained that however desirable an interchange of ideas with President Hoover might be, the chancellor could not possibly leave Berlin at present because of the press of domestic affairs.

No Sleep, No Rest, Stomach Gas Is Cause

Mrs. A. Cloud says: "For years I had a bad stomach and gas. Was nervous and could not sleep. After I rid me of all stomach trouble and now I sleep fine." John S. Gibson, D.D.S., Company.

Hope Host to Co. P. T. A. on Saturday

Seventy-Seven Attend All Day Meeting at New High School

The school of instruction for the city of Hope and Hempstead county was held Saturday, October 4, at Junior-Senior high school in this city.

Invitations had been sent to the Parent Teachers Associations of the county and three live associations were represented, Blevins, Spring Hill and Patmos.

Mrs. Ched Hall had charge of the registration and reported 77 in attendance.

At 10 o'clock the meeting was called to order by the president. After the morning meeting, Miss Henry conducted the visitors over the beautiful new building. Of special interest was the model home where home economics will be taught.

Mrs. Finley Ward had charge of the program during the lunch hour. A clever contest called out many witty and original poems.

On the back of each folder, as a place card was a happy thought for the day and a space inside for a toast to Miss Henry, the inspiration of the poems.

Lunch was served by Mrs. Denty and her assistants cafeteria fashion. Baskets of lovely roses and other flowers were used as decorations.

The program was as follows: 10:00 Call to order, President Mrs. Dorsey McKee. Community singing.

10:05 Devotional—Mrs. Harry Lemley.

10:20. Statement of Purposes of school announcements—Mrs. Dorsey McKee.

10:25. Why Belong to State and National Congress?—Mrs. H. M. Stephens Jr., from Blevins.

10:35. Guiding Principles—Mrs. Bert Keith.

10:40. Recreation—Led by Miss Besie Green.

11:00. Parliamentary Procedure—Mrs. Gus Hyman.

11:20. Using Our Congress: Publications—Mrs. Chester Lester.

11:40. Our Book Shelf—Mrs. Claude Agee.

Sharps and Flats

A Department In Which The Editor of The Star Plays His Own Piano

A very small negro boy walked in my office last Friday and said he would like to speak to a gentleman whose name happened to be mine.

I asked him what I could do for him. He said he would like to sell me some fishing-bait.

Now if my good friend Edgar Harris, of West Point, Miss., or half a dozen other newspaper editors I know, had happened to be around, the scene would have looked genuine. They are notable fishermen. But I am not. So I asked the boy what he had in mind. He said "the man across the street."

I stared across South Main street. It could have been one of several. But I picked an insurance man as the most likely, and I sent the small negro back across the street, with instructions, "Tell him, if he'll lend me his fishing poles, to buy your bait and I'll pay for it when I call for the poles."

I saw my first game of night football Friday. Readers of The Star already know how our lighting system was praised by Al Rose, the Camden News sporting editor who came over here for the opening game last month. It may be of interest to local fans if I tell them that Camden, contemplating the installation of lights, rested its decision on the experiment in Hope.

Mr. Rose told me that the Little Rock High School system was disappointing, but he said the results in Hope were excellent, and Camden would attempt to install the same system.

This is a high compliment to our high school athletic association. Very few cities our size have an illuminated football field. Probably none has so excellent a system. I found this out last Friday, when every play could be seen plainly from the bleachers.

Night football solves the big problem confronting high school athletic associations operating in agricultural cities. Saturday is too big a shopping day for store employees to attend games played on Saturday afternoon. Switching the date Friday did not

Amish Flock Is Aiding Poor

Learning of the "Can the Surplus" campaign to aid the poor, members of the Amish colony near Akron, O., joined the movement with their elder mill. Apples were pressed and apple butter made. Here is the Amish "mill" in action. At the left is John Miller, a typical member of this religious sect.

Miserable with Backache?

It May Warn of Disordered Kidney Function.

A nagging backache, with bladder irritations and a tired, nervous, depressed feeling may warn of disordered kidney function. Thousands recommend Doan's Pills in these conditions. Praised for more than 51 years by grateful users the country over. Sold by dealers everywhere.

Saenger Theater

Last Times Monday

Nancy Carroll, the sweetest star of them all, in her newest picture, "Personal Maid." As the red-headed, wised-up heroine of Grace Perkins' sensational novel, she gives perhaps the finest portrayal of her career. The picture is also distinguished by a stunning fashion show in which marvelous new creations from Paris will give all feminine hearts a real thrill. Fine story and acting, too, make it one of the choice pictures of the season.

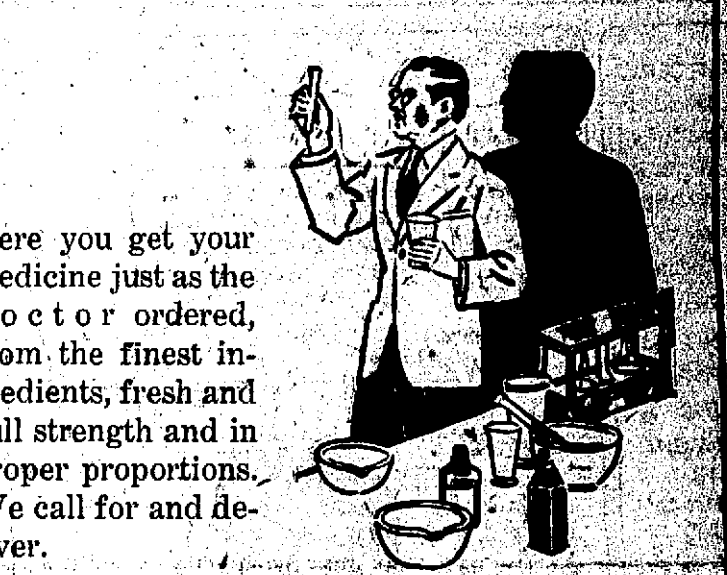

Tuesday--Wednesday

Those two famous and ever popular comics, Stan Laurel and Oliver Hardy, in the picture you have long waited for—their first feature length comedy, entitled "Pardon Us." A thousand hearty laughs await you and when they are gone there are more and more laughs. It is undoubtedly one of the greatest fun shows ever seen. Join the crowds who will see it and have the time of your life.

Thursday--Friday

America's most economical truck

is now available in 25 different models priced as low as \$440—complete with body

NOTE: The model priced at \$440 is the open cab pick-up.

1 1/2-ton 157-inch Stake Truck \$810* (Dual wheels standard)

By actual road performance, week after week, month after month—the six-cylinder Chevrolet has proved its right to be called America's most economical truck. Owners have found that on a ton-mile basis Chevrolet costs less for gas and oil, less for upkeep and less for service than any other truck—regardless of the number of cylinders. And price-comparison will show that this big, sturdy Chevrolet Six is one of the lowest-priced trucks you can buy.

Half-ton 109" chassis \$355 Dual wheels standard 1 1/2-ton 151" chassis \$520 Dual wheels \$25 extra 1 1/2-ton 157" chassis \$590 Dual wheels standard

*All truck chassis prices f. o. b. Flint, Mich. All truck body prices f. o. b. Indianapolis, Ind. Special equipment extra. Low delivered prices and easy C. M. A. C. terms.

Personal Maid' at Saenger Sunday

Get the Low Down on Gotham's High Society in This Story

A chance to see the inside of something you've been aching to get the low-down on all your life. See what a "personal maid" sees and hears and there's not much about the swanky swells of Gotham that you'll have to wonder about.

For "Personal Maid," the revealing picture from Grace Perkins' best seller of the same name, opened at Saenger Sunday with the beautiful titian-haired Nancy Carroll playing the title role; Pat O'Brien portraying a self-made business man; Gene Raymon, a newcomer, as a rollicking rich college boy; George Fawcett happily grouchy as the multimillionaire, and Gary Gray and the rib tickling Mary Boland making much of the society downer.

"Personal Maid" is the Cinderella story made real, with Nancy Carroll sparkling in and out on her high heels. It is romance and good fun but underneath it is all real drama lightly and amusingly told, of the emotion-torn, love-muddled lives of American millionaires.

Nancy makes herself so useful as personal maid to the wealthy Mrs. Gary that she is commissioned to coax the wayward son back to the straight and narrow. She falls in love with the boy and at the same time attracts the attention of a self-made business man. Convinced that clothes make the lady, Nancy, steals a holiday and poses as a wealthy heiress. Her ruse is discovered and, from there on the picture takes a decided different twist right up to a surprising climax.

Saved From Ruins of Fallen Building

Buried alive for several hours, one of the victims of the collapse of a two-story apartment building in Philadelphia is shown here as rescue workers extracted him from the wreckage. Two persons were crushed to death and several others were injured when the walls of the structure caved in from an unexplained cause.

Pilot Invents New Type Plane Wings

California Airman Has the Utmost Confidence in Own Idea

LOS ANGELES—(AP)—Upon a set of novel airplane wings incorporating his own ideas Wilbur Cornelius Salesman-aviator, will depend almost entirely in an attempt to break existing endurance flight records.

And Cornelius, who is 32 and a resident of Glendale, Cal., has a world of confidence in his idea, for he has been told by the war department that the wings are impractical.

Cornelius said he would attempt before long to circle the metropolitan air port here for a month. He intends to prove further that airplanes are safe, and that a magnifican is not needed to fly one.

"It is all in the corrective stabilization wings," he said, "With these wings I can set down a plane in 175 feet and at the limit of climbing power it will nose over into horizontal position."

Cornelius rode in his first airplane when he was 16 years old at Colfax, Wash. He built his first model soon afterwards. The same year he said he saw an airplane accident in Portland, Ore., in which two men were killed.

From then on, Cornelius said he specialized in wings and endeavored to make them a single unit, working in co-ordination with the tail surfaces. Out of those experiments, he said, has come the stabilization wings.

They are pivoted on the struts, working in conjunction with the tail surfaces on ball bearing axles. The wings are perfectly balanced. Their entire length tilts in response to the pilot's stick. There are no ailerons.

No Incorporated Town in Nebraska County

LINCOLN, Neb.—(AP)—McPherson county, Nebraska, where the court house is of gold, has neither a city nor a village tax.

Located in a cattle raising district, the county has a population of only 1,002 and contains no incorporated community.

Tyron, the county seat, has a population of 15. Clay Wright, the clerk, also registrar of deeds, clerk of the district court and assessor, but he draws pay for only one job. There is no railroad in the county, but 368 automobiles provide transportation.

New Face Powder Smooth as Sat

MILLIONS OF POUNDS USED BY OUR GOVERNMENT

You purchase shoes, fruit and candy. You call for cigarettes.

It's like this: WHEN YOU

GO TO BUY A PAIR OF SHOES, you examine the leather, the way the shoes are made, their shape. You try them to see if they fit—if they satisfy you.

Why not follow the same method in purchasing your cigarettes? You want cigarettes that are made from the very best tobacco—mild, ripe, sweet. You want them made right. You want them free from harshness and bite and "pinches." In other words, you want cigarettes that *satisfy* you.

WHEN YOU GO TO BUY FRUIT—oranges, grapefruit, apples—you want ripe fruit, fruit that has matured before being taken from the tree; fruit that has been handled right and packed right; fruit that's the same throughout—not green on one side and ripe on the other.

Why not apply the same test in purchasing your cigarettes? You want cigarettes made from tobaccos handled right by the farmer—ripened, sweetened in the sun and cured right. You want cigarettes that taste the same, day in and day out. You want them pleasing in taste—mild and satisfying.

WHEN YOU BUY CANDY, you want to know, above all things, that it is pure. Is it real candy or are there a lot of other things mixed in with it? And you want it fresh. You want it freshly made and you want it so packed as to reach you just as it was when it was made.

Why not apply the same test when you buy your cigarettes? You want a cigarette that's *pure*; for purity counts in cigarettes just as it does in candy. Then again, you want a cigarette that's just as fresh as when it was made.

rettes just as it does in candy. Then again, you want a cigarette that's just as fresh as when it was made.

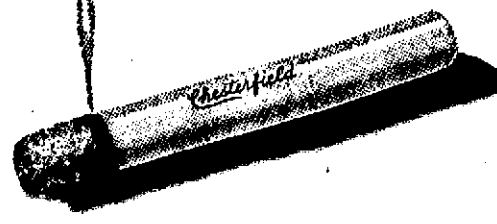

Now, if you apply to cigarettes all the tests that you apply in buying shoes and fruit and candy you will purchase CHESTERFIELD like millions of other smokers.

First, because tobacco men will tell you that in Turkey, Kentucky, Georgia, the Carolinas, Virginia, and Maryland, only the mildest, ripest tobacco is bought for CHESTERFIELD—tobacco cured by the sun's pure rays, by the farmers' slow-burning ovens, and finally by great high-pressure steam drying machines. In the tobacco regions where they grow tobacco and know tobacco, CHESTERFIELD is usually the leading seller.

Second, because the carefully selected CHESTERFIELD tobacco leaves are blended and *cross-blended*. This exclusive CHESTERFIELD blending method is not just mixing together different tobaccos—it is mixing them in such a way as to bring out the finer qualities of each. It's like producing a *new* and *better* type of tobacco—tobacco with greater mildness, more smoothness, much better taste.

Third, because the cigarette paper is selected with the same care. CHESTERFIELD paper is the purest, the best that money can buy. Then the cigarettes are made and packed by machinery in clean, sanitary factories. And the moisture-proof, attractive package—free from heavy inks or inky odor—comes to you just as if you passed the factory in the morning and took your CHESTERFIELDS from the machine.

Good . . . they've got to be good.

No More Piles

Piles sufferers can only get quick, safe and lasting relief by removing the cause—bad blood circulation in the lower bowel. Cutting and salves can't do this—an internal remedy must be used. Dr. Leonard's Hem-Roid, a harmless tablet, succeeds, because it relieves this blood congestion and strengthens the affected parts. Hem-Roid has a wonderful record for quick, safe and lasting relief to Pile sufferers. It will do the same for you or money back. Ward & Son and druggists anywhere sell Hem-Roid with this guarantee. Adv.

MANY WOMEN Have Been Helped Like This

"ABOUT four years ago, I suffered a great deal with pains in my back and sides," writes Mrs. D. A. Bush, of Roxton, Texas. "I did not feel like doing my housework, or anything else. I would get nervous, and my back would hurt worse. One of my neighbors asked me what I was doing for myself. I told her 'most everything. Then she asked me if I had ever taken Cardui. I told her 'no' but I would try it. Before I had finished one bottle I could tell the difference in my feelings, but I kept on taking Cardui until I felt strong and well again."
